

Instructor Update 2019

Make up session

We are so sorry you weren't able to join us at the instructor update. We had another great program. It included a presentation from Dr. Scott Stienecker, Angel Heyerly PharmD, David Fiess MPA; ACBOH, Kristin Sims IP and an overview of current status from Erika Pitcher and Dr. Deb McMahan.

For those of you that missed the plan for make-up is:

1. Review the updated provided by Dr. Stienecker's power point presentation and the update by Dr Deb McMahan and Erika Pitcher.
2. Initial next to the presentations below verifying that you have completed.
3. Connect with your facilities TB Consortium steering committee member to complete a competency for administering and reading a TST, an TB instructor at your location who has completed the update or e-mail Doug Schwartz or Elaine Cooper to arrange a check off time.
4. Return this form with your signature and the completed competency form to Juanita Groves via E-mail jmgroves@lutheran-hosp.com or by mail at Lutheran Hospital - Education Department | 7950 West Jefferson, Fort Wayne, IN 46804
5. Once received you will be mailed your instructor card.

Complete and return no later than December 31st, 2019.

Thank you for your commitment to the goals of the TB Consortium, if you have questions, contact Elaine Cooper at 260-435-2555 or at ecooper@lhn.net or Doug Schwartz @ dschwartz2@lhn.net

Elaine Cooper

Lutheran Health Network Education Department / TB Consortium Chair
